MESSAGE

Dr. Kannan for extracting message 17.8.65

The inauguration of the Agricultural College at Madurai on the 19th August 1965 by our Chief Minister is an event of deep significance to the State. Our progress in the last fifteen years from a deficit State in foodgrains to a self-sufficient State to-day has been achieved by the untiring efforts of the Agricultural Department. Trained personnel in every department of activity is required in increasing measure and the Agricultural College at Madurai will go a long way to meet the demand. Besides fulfilling the aspirations of the Madurai, Ramanathapuram and Tirunelveli area, I am sure this College will establish sound traditions and serve the interests of the nation as a whole.

I wish the function all success.
